

# SC FARM HIKES

## A New Agritourism Adventure

### HIT THE TRAIL

South Carolina Agritourism is excited to implement a new program for both farms and the public. Through the SC Farm Hikes program, the public will be invited to walk on trails along farms throughout the state! It has been a challenging time for tourism, but adding a new outdoor adventure to your farm can be a bright spot this year.

### FARM CRITERIA

**A trail map with distances**

*Can be an online PDF, hand out, or a sign at the start of the trail*

**Clearly defined trails**

*Can be roped off, paved, or mowed*

**Provide a safe and welcoming environment for visitors**

**Price to hike/park if you have one**

### GETTING STARTED

Questions about marketing, social media, liability, special events, or other details of inviting the public to your farm?

The South Carolina Department of Agriculture is here to help. Contact us and we'll help guide you through the process.
